Unitized PD sliding system

Schueco AS 39 SC.NI SG

Unitized PD sliding system

Typical top detail

Typical bottom detail

The new Schueco sliding system AS 39 SC.NI SG embodies seamless fusion. This amalgamation of a sliding system and a unitized façade combines aesthetics and functionality to give a stunning all-glass look from the outside while serving as a slider. With all the frames concealed, this system allows for maximum freedom of view.

Fluent transition

The system is designed for a seamless transition from a unitized façade into a sliding system..

Maximum transparency

This system gives maximum transparency of view from inside to outside, with frames concealed on all sides.

Extremely slim interlock

With a face-width of just 10mm, this system has an extremely slim interlock that further adds to the elegance.

All-glass look

In addition to the concealed frames, the structural bonding of the glass gives an all-glass look from the outside, helping to achieve outstanding building designs.

Concealed drainage system

The concealed drainage in this system ensures that no water enters the premises while being completely concealed beneath the system.

Design typology

Sliding

Single track

System data

Max. 1800mm
Vent width

Max. 2700 mm
Vent height

Schueco performance

Windload resistance
1700 Pa

Air-permeability
300 Pa

Water-tightness
300 Pa

The Schueco advantage

An integrated design, materials and service approach to deliver the highest global standards to your home

Design rigor & philosophy

Each system from Schueco brings 70 years of global experience in structural detailing and design innovation.

High-performance materials & processes

High-EPDM-content gasket with peroxide curing technology, integrated drainage system, and custom brush seal, all contribute to best-in-class air, water, wind and acoustic performance.

Accessory specifications & testing

Engineered, high-quality materials designed for smooth operation, corrosion resistance and durability with meticulous testing of all components, ensure consistent long-term performance.

Last-mile training and support

Schueco provides in-depth technical and hands-on training to the fabricator partners and certify them to deliver outstanding buildings.

Schueco - System solutions for windows, doors and façades

Schueco products are extensively used all over the world and meet the highest requirements of design, comfort, security and energy efficiency. Headquartered in Bielefeld, the Schueco Group has more than 6,330 employees worldwide and strives to be the industry leader in terms of technology and service today and in the future. The company is active in more than 80 countries and works together with over 40,000 fabricators, developers, architects and investors.
