## 1 OPENING DIMENSIONS

Clear opening width	mm
Clear room height	mm
Building shell height	mm
Floor construction	mm

Substructure expected to be available from 2024

## 2 DOOR DESIGN AND ARRANGEMENT

Clearance width	mm
Clearance height	mm
DIN left	DIN right
Door leaf material and thickness	
Door position	
Infill units, left, next to door	
Infill units, right, next to door	
Distance of wall attachment, left, to door	mm
Number of door hinges (2-4)	Quantity

### Remove basic profiles

Remove to the left      Remove to the right

**Note:**  
The basic profiles must be removed if multiple walls are to be combined directly with one another, e.g. to bring several doors into the wall

## 3 COLOUR DESIGN

E6/EV1	Special colour	RAL
E6/C35	Anodised	

## 4 SAFETY BARRIER

Yes	No
-----	----

## 5 SOUND REDUCTION

No requirement	40 dB →Recommendation: LSG16si	> 40 dB * Continue under <b>7</b>
----------------	--------------------------------------	--------------------------------------

## 6 INFILL MATERIAL

Material thickness	mm
Material type	
Filler material supplied	Yes      No

**7 FRAME TRIM PROFILES AND DOOR HINGES**

Frame trim profiles	Door hinges
Basic frame trim	Standard hinge
Premium frame trim S	Concealed hinge
Premium frame trim XL	Concealed hinge

**8 OPTIONAL ACCESSORIES**

Door hinge	Standard	or	Desired hinge type	Colour		Supplied?		
				Like profile	or	Desired colour	Yes	No
Door lock	Standard	or	Desired lock	Like profile	or	Desired colour	Yes	No
Door handle	Standard	or	Desired handle	Like profile	or	Desired colour	Yes	No
Technical panel	Yes	No	Width of technical panel	mm	Yes	No		
Load-bearing profile <small>(e.g. for TV, Smartcube, etc.)</small>	Yes	No	Quantity	No	Yes	No		
Threshold gasket	Yes	No			Yes	No		
Screening <small>(External blind/screen/pleated blind)</small>	Yes	No			Yes	No		

**9 DOCUMENT SELECTION**

Material list as Excel	Yes	(Standard)
Drawing as PDF	Yes	(Standard)
Copy of enquiry form as PDF	Yes	
Model as 3D PDF	Yes	
Model as STEP	Yes	

	Schüco Interior AP VS 43 ST S	Schüco Interior AP VS 43 ST XL
Profile face width	43 mm	43 mm
Basic depth	39.5 – 47.0 mm (depending on infill thickness)	67.0 – 74.5 mm (depending on infill thickness)
Maximum system height	4000 mm	4000 mm
Maximum system width	No restriction	No restriction
