

Griffleisten

Pull grips

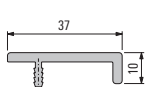

Griffleisten sind immer im Trend, zeigen immer schmückende Wirkung und passen zu jedem Einrichtungsstil – mal mit dem Zusammenspiel unterschiedlicher Linienführungen, mal mit charmanten Rundungen oder interessanten Oberflächenstrukturen. Alle Griffleisten werden individuell auf Maß gefertigt und einzeln eloxiert.

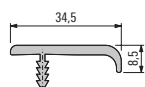

The pull grips are always on-trend, have a decorative effect and fit every interior design style – sometimes through the interplay of different contours, sometimes through charming curves or interesting surface textures. All of the pull grips are made-to-measure and anodised individually.
