Perfekte Rahmenbedingungen für eine moderne und stilvolle Gesamtanmutung. Verschiedene Profilquerschnitte vermitteln einen interessant markant-grafischen Eindruck, wie bei dem Glasrahmen Graphic. Der neue Glasrahmen 923 158 ist auf die Beschläge Tiomos H AL, Tiomos 110 AL und Kinvaro T-Slim der Firma Grass abgestimmt.

The perfect framework for creating a modern, stylish look. Different profile cross sections project an interesting, strikingly angular appearance, as with the Graphic glass frame. The new glass frame 923 158 is compatible with the Tiomos H AL, Tiomos 110 AL and Kinvaro T-Slim fittings made by the company Grass.

 Vorteile	Benefits
<ul style="list-style-type: none"> ▪ Besonders elegante Optik ▪ Verschiedene Profilquerschnitte erhältlich ▪ Einbau als Klappe, Dreh-, Flügel- oder Schiebetür möglich 	<ul style="list-style-type: none"> ▪ Exceptionally elegant appearance ▪ Different profile cross sections available ▪ Can be used as top-hung, side-hung, folding or sliding doors
